- Engineering Study, New Bedford Harbor Proposed Industrial Sites, Tibbetts Engineering Corporation;
- Crapo Hill Sanitary Landfill Environmental Impact Report by Camp Dresser and McKee Incorporated;
- Technical Specifications and Plans for Remedial Measures, Aerovox Property, GHR Engineering Corporation;
- Vacant Industrial Land Survey, New Bedford Planning Department;
- Greater New Bedford Region Solid Waste Feasibility Study, Camp Dresser and McKee Incorporated;
- Regional Petroleum Reserve, Site Qualifications Report, Haldeman and Goransson Association Incorporated (Robert Davis' Copy);
- Industrial Development Feasibility Study, New Bedford Massachusetts, Camp Dresser and McKee Incorporated;
- Soils and Their Interpretation for Various Land Uses, SCS.

Mr. David A. Kennedy
City Planning Office
January 23, 1984 - Page Two

Please excuse the delay in returning the reports. After reviewing the reports and making copies of those sections appropriate to the siting study and fast-track feasibility study, we had set them aside in anticipation of EPA authorization to proceed with other tasks that would utilize the information contained therein. When authorization did not come through as quickly as anticipated, the "out-of-sight, out-of mind" scenario took effect. Authorization was received earlier this month, and we are now proceeding with the other tasks and have copied all necessary information. We thank you for your cooperation and patience in this matter.

Sincerely,

James A. Werling Jr.
Assistant Hydrologist
